FOLEY'S HONEY AND TAR

Cures Colds; Prevents Pneumonia

In almost every neighborhood someone has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by the Anti-Monopoly Drug Store.

Mr. R. A. Green, southern soliciting agent for Bender, Streibig & Company, of Cincinnati, Mr. M. C. Kammerer, of Kansas City, of Pittsburg and Mr. G. E. Robertson, of M. O. Cogins & Company, of Pittsburg, were in Ocala Monday looking over our watermelon and cantaloupe fields. These gentlemen estimate that there are nine hundred acres at Anthony, six hundred acres at Martin and about five hundred acres each at Sparr, Kendrick and Ocala and vicinity. The fruitage is not so great as last year but in all probability the prices will be better because there will be less competition, the crop being short and backward elsewhere.

World Wide Reputation.

White's Cream Vermifuge has achieved a wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Anti-Monopoly Drug Store.

Bird and Flower Day at the School.

Friday morning the closing exercises of the second and third grades was held at the High School. Quite a large number of visitors were present. The school room had been very prettily decorated for this bird and flower day. Julien Bullock and Abner Pooser acted as ushers.

Miss Fannie Clark and Miss Margaret Taylor are the teachers for the second and third grades and under them the children have done excellent work this term.

Miss Fannie Clark had offered a number of prizes for the best drawing which were awarded yesterday. The judges who were Mrs. Henry Livingston, Mrs. George Martin and Miss Nellie Stevens, unanimously agreed in giving the first prize for free hand drawing to Collie Clark, the prize for the best design to Siebert Davis and

the second prize for free hand drawing to Abner Pooser. The first for the best picture—a painting of a bunch of flowers was won by Lillian Eichelberger and Bertie Livingston won the prize for the best color design.

While the judges were making their decision, the children engaged in a guessing contest, called the "Game of the Gods" in which Miss Clark asked a number of questions on different subjects. Wiley Burford, Bertie Livingston and Nellie Gottlieb answered them all correctly and each received a prize for their cleverness.

Miss Stobesbury Entertains.

Wednesday afternoon Miss Emily Stobesbury entertained the Married Ladies' Card club and a few other friends at progressive whist. This fascinating game was played on the veranda and was thoroughly enjoyed. The afternoon's pleasures were concluded by the serving of delicious ice cream, cake and coffee.

There were sixteen ladies present and the club prize was cut for by Mrs. D. W. Davis, Mrs. William Anderson and Miss Minnie Gamsby, resulting in the former lady capturing it. The favor for the visitors, was cut for by Miss Esther Weathers and Mrs. Geo. K. Robinson and Miss Weathers won.

For Those Who Live on Farms.

Dr. Bergin, Pana., Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at Anti-Monopoly Drug Store.

Summer Normal.

The Orange Springs Normal Institute will open for the fourth summer term on Monday, June 8, and continue twelve weeks. Full normal and commercial work will be carried. For particulars address,

THE MILITARY BOYS ARE MADE HAPPY.

Thirty Thousand Dollars for Encampment—Cabinet Officers Get a Raise of \$500.

TALLAHASSEE, May 18.

Special to the Ocala Banner.

The military encampment bill, appropriating thirty thousand dollars—fifteen thousand for 1903 and fifteen thousand for 1904—passed the house by a vote of forty seven to eight.

The measure will meet with very little opposition in the senate.

This will give the military boys a good time.

Adams' constitutional amendment bill providing for the sessions of the legislature every four years instead of every two years, passed the house, and may become a law.

A bill increasing the pay of cabinet officers five hundred dollars each, has also passed the house.

The old Indian war claims fund is not likely to bother us very much longer if these appropriations continue.

Early Closing.

Every store in Jacksonville has signed articles agreeing to close during the summer months at six o'clock in the afternoon.

We hope the Ocala merchants will do the same thing.

If all will do it none will have an advantage over another and it will be a great blessing to the clerks.

It will give them recreation and health and make them better able to stand the strain and drain of the long, sultry summer days.

An Outside Opinion.

Hon. Raymond B. Bullock of Marion county, who is so efficiently serving that county in the legislature this year, is one of the brainiest men in Florida. He is a natural born statesman, an able lawyer and a profound thinker and a thorough and accomplished parliamentarian and ranks with the ablest members of the Florida legislature. Marion county should be proud of him.—Tampa Tribune.

A Tennis Court.

A number of the young gentlemen of the younger society set have organized a tennis club and are having a nice court built in the grove on Ft. King avenue. This delightful sport will often be engaged in by the young people the coming summer.

Mrs. Watson to Entertain.

Mrs. Frank Leslie Watson has issued invitations for a card party on next Wednesday afternoon which is anticipated with much pleasure by her many friends.

Polk county had a "wet" and "dry" election Tuesday and elected to stay "dry."

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.
